

SPC is the place to be . . .

Because our parish raised \$12,000 this year through the baby bottle project and this is a huge gift for the Women's Centers.

Because our students consistently demonstrate the Dividends for Life modeled by Catholic schools including morals, discipline, knowledge, and faith.

Because the 1980's Prom was a big success and will contribute \$2500 to the scholarship fund.

Have you heard? In the 2010-2011 school year, SPC will offer three full day kindergarten classes! The early childhood program will consist of one morning Prekindergarten class, one afternoon Prekindergarten class and one morning Preschool. Half day kindergarten students will be accommodated in the morning with dismissal at 11:30am. We expect this change to best meet the needs of our current families as well as the new families registering for next year and benefit the school's enrollment.

Registrations for Preschool-8th grade for siblings of current SPC students will be accepted beginning Tuesday, February 9th at 8:30am in the MPLC meeting rooms.

As of today, February 4th, registration for the Extended Day Program for the 2010-2011 school year is open to all current school families. The EDP information sheet and the EDP registration form are both included in this week's take home envelope. If you are interested in having your child/children attend EDP next year, please fill out the registration form and return it to school with the \$100 deposit by Tuesday, February 9, 2010. Registrations for new school families will be accepted beginning Wednesday, 2/10.
