

Dear St Paul of the Cross School Families,

This year, SPC is launching a No Idling Campaign to protect the health of our students and the health of the environment. We are asking all drivers to consider a No-Idling Policy when waiting on campus. Please be aware of and adhere to the new signage that will be posted around our parking lot, along Ridge Terrace, Summit, and Washington.

This No-Idling effort needs collective support! Idling harms our health, pollutes the air we breathe, and costs all of us extra money. Please see the reverse side of this letter with important information in regards to air pollution, its effects, and what we can all do to help save our planet. You can also visit www.earthday.net/noidling for more facts.

Please keep in mind that our main goal is to simply bring about a collective awareness of our idling habits and reduce whenever possible. We fully understand that turning the engine key “off” is not always feasible. Having small children/infants waiting in our cars on extremely cold days is unavoidable and of course acceptable! This campaign is meant to bring about a lasting positive effect amongst our school families, children, and teachers. Thank you, in advance, for helping us reduce our carbon footprint one action at a time!

Sincerely,
The SPC Green Team

Please sign, detach at line below, and return to school ASAP:

Family Name: _____

We have read the SPC No Idling Campaign Information included on this sheet and pledge to do our best when we drive on and around campus, especially at drop off and pick up times. We promise to help young lungs breathe easier!

Parent/Driver Signature: _____
