

## Playground Stencils Project Complete!

Dear SPC Families,

We are thrilled to share an exciting update from our Safe Zone blacktop area!

Thanks to the support of the Home and School Association, a committee was formed to evaluate stencil vendors and design a layout that would bring color, creativity, and movement to our Safe Zone. After careful consideration, Fit and Fun Playscapes was selected, and the stencils were purchased in late 2024.

While we originally hoped to paint in early summer, plans were delayed due to the exciting news that the Church and School parking lot would be repaved! Once the new pavement was ready, we braved a sweltering August 9th day with temperatures reaching 93° to bring the project to life.

Over 40 volunteers showed up with incredible energy and enthusiasm to help place and paint the stencils. This project simply could not have happened without them!

We can't wait to see our students enjoy this vibrant new space throughout the year!

### Thank You to Our Volunteers!
